

WATERWOOD COMMUNITY ASSOCIATION
300 WATERWOOD DRIVE
YALAHA, FLORIDA 34797

Irrigation Schedule

(as per Lake County and St. Johns River Water Management District regulations)

Due to the Drought, Lake County is temporarily restricted watering to the Winter Schedule below!

SUMMER (during Daylight Savings Time) – 2X per week maximum

ODD # Address **Wednesday and Saturday**

EVEN # Address **Thursday and Sunday**

Townhomes/Common Areas * dates/zones/time per landscaping map

WINTER (during standard time) – 1X per week maximum

ODD # Address *** Wednesday**

EVEN # Address *** Thursday**

Townhomes/Common Areas * dates/zones/time per landscaping map

**This deviates from St. John's River Water Management (website) regulations, by special Waterwood permitting (Lake Co. letter dated 5/20/2009)*

IRRIGATION IS LIMITED TO:

- Only the amount necessary to meet your landscaping needs.
- Not after recent rains, (e.g. rain sensor/smart timer or manually off).
- Not to exceed ¾ inch of water per zone per irrigation day.
- Not to exceed 1 hour of water per zone per irrigation day.
- After 4pm or before 10am. no watering between 10am-4pm.

Exceptions are made for newly sodded lawns and plantings: (inform Waterwood HOA when starting modified watering via improve.waterwood@gmail.com).

- For new grass/plants, that area only can be watered daily for 30 days due to evaporation, no watering from 10am-4pm.
- If not established yet, watering is allowed the next 30 days, on every other day for a total of 60 days maximum.

In both cases, special irrigation is limited to new areas only and minimum amount necessary for establishing the roots.

if any questions, please contact Ed Klaczak @ 772-834-4084 (voice/text).
